### 2019 President's Message

Ahhhhh, March! That month where we finally see the light at the end of cold winter tunnel. March is a transition month where we are in anticipation of a season's change. It's a wonderful time to reflect on where we just came from and where we want to go. And this month's program fits that transition theme well. First and foremost, Kristi Spaethe is an incredible speaker. She has presented to NOARK previously and her presentation style is engaging as well as entertaining. And her program about being courageous during awkward transitions and conversations will not be any different. Expect to gain a great deal of knowledge and information to take back to your teams all while having fun!

Don't forget that we have a change of venue this month. We will be meeting at The Barn at the Springs, located off of HWY 112. It's a beautiful venue that will be comfortable as well as stimulating.

Next month is the Annual AR SHRM State Conference & Expo in Hot Springs. We do not host a membership meeting in April so our members can attend the conference. And if you have never been, plan to attend. It's such a wonderful conference. And I look forward to seeing many of you there.

As always, I am honored to lead such a strong and reputable group and I am proud of our organization and our advancement of the HR professional.

March 14th NOARK Meeting

## "The Art of Awkward"

As Human Resources Professionals and leaders of our organizations, our days are filled with awkward and uncomfortable situations. It's human nature to turn and run in the other direction when we encounter these situations. Whether it is having a hard conversation or calling someone on their behavior, this is hard stuff and takes a mind shift and PRACTICE to get good at. This session is designed to provide the tools to not only deal with "awkwardville" but grow from it.

Our agenda includes:

- The need for HR Professionals and Leaders to wade into "awkwardville"
- The 5-step process for moving through the uncomfortable
- Introduction to "Radical Candor"
- Using Radical Candor in:
  - Feedback
  - Teams
  - Calling out behavior

Learning objectives:

- Increased awareness around personal triggers of discomfort
- Development of a process to use in these encounters
- Gain knowledge of Radical Candor

Applicability of Radical Candor that can be used in personal and professional settings.

Session approved (1) SHRM PDC and approved for (1) HRCI "General" hour.
